

**Breastfeeding
forges bonds!**

... because smelling, tasting and
sensing bring us together.

**Breastfeeding –
what else?**

**Breastfeeding
gets you trim!**

... because it burns additional
calories every day.

**Breastfeeding
is really practical!**

... because I have everything
I need no matter where I am.

We like breasts!

... and breasts like feeding,
because it keeps them
healthy!

*I will definitely
breastfeed my baby
– how about you?*
